# 01 Compact

Ideal for small  
living spaces

In modern urban living the interior spaces become smaller and smaller leaving less space for traditional furniture solutions. For this reason, we have developed the Compact sofa bed series. Compact is a design line that focuses on space optimization by minimizing the space occupied by the sofa while maximizing sleeping surface when expanded as bed. This is achieved by designing the sofa beds to fold out into the room and thereby *Expand Your Living Space*.

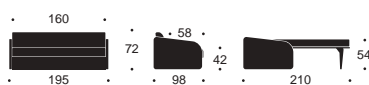

**Elegant yet  
practical.  
Discrete yet  
functional.  
Compact yet  
spacious.**

The Eivor's compact modern design is as pleasing to the eye as it is easily converted from sofa to bed. In mere seconds the space optimizing sofa becomes a comfortable double bed. Eivor provides the optimum setting for a good rest. High resilience foam provides perfect support as sofa during the day while the 5-zone multi-pocket spring mattress ensures a relaxing sleep at night as bed. The mattress features detachable and washable mattress cover for easy cleaning.

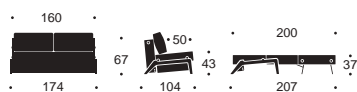

**Bed size:** 160 x 195 cm / **Comfort:** 5-zone multi-pocket spring mattress with 650 springs pr. m<sup>2</sup> / **Legs:** Black stained oak / **Frame:** Grey steel / **Arms:** Upholstered / **Features:** Quick transformation from sofa to bed & washable mattress cover / **Shown in:** Page 10: Fabric 576 Kenya Bordeaux / Page 11: Fabric 577 Kenya Dark Grey / For more fabric options, see page 130

## Living large, in small places

The Compact series is the perfect object for urban living due to the space optimizing designs and multi-functional benefits serving as sofa at day and as bed by night. Folding out into the room the Cubed is our most compact model making the sofa small and elegant and the bed big and comfortable.

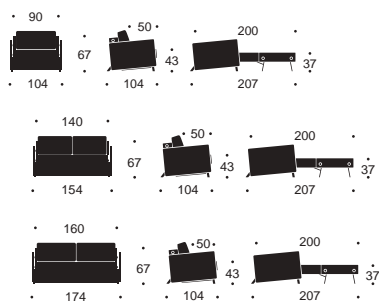

Optional headrest

**Bed sizes:** 90 x 200 cm, 140 x 200 cm & 160 x 200 cm / **Comfort:** No-zag Spring, page 123 / **Legs:** Lacquered oak / **Features:** Auto-fold legs / **Optional:** Headrest / **Shown combination:** 140 x 200 cm & fabric 612 Linen Sand Grey / For more fabric options, see 130

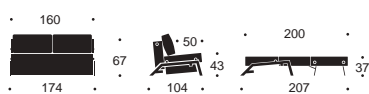

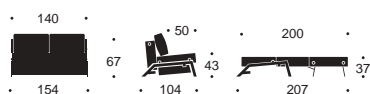

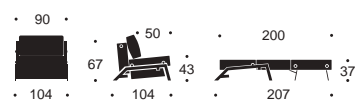

## Compact living by design

Modern yet timeless. Stylish yet understated. Spacious yet compact. A focus in the design process on fusing high structural quality with space optimizing and multifunctional features make our sofa beds a great fit for urbanites challenged by compact living conditions of big cities today.

Optional headrest

**Bed sizes:** 90 x 200 cm, 140 x 200 cm & 160 x 200 cm / **Comfort:** No-zag Spring, page 123 / **Legs:** Matt black steel / **Arms:** Upholstered / **Features:** Auto-fold legs / **Optional:** Headrest / **Shown combination:** 160 x 200 cm & fabric 518 Elegance Green / For more fabric options, see page 130

## Thyra makes space for living

### Spontaneous sleep-over?

This versatile stow-away sleeper is as pure and minimalistic as it is compact. The Thyra pouf is the single sleeper made to fit in tight spaces or to accommodate the overnight guest without the luxury of a guestroom. Put a small tray on top and you have a perfectly functional coffee table.

## 02 Modular

Sofas and chairs  
designed to interact.

*“When creating new interior concepts, it is important to focus on what the purpose of the design is, what value does the new design aim to deliver. For our Modular series, the purpose of the sofa beds has always been to fit into a wide range of use scenarios and settings. To be adaptable based on the owners’ variable needs, whether the use situation is lounging with a book, being engaged in conversation, watching Netflix, gaming, entertaining friends, or sleeping. Whether alone or a group of people, the Modular designs’ multifunctional abilities provide the value of being able to live comfortably in small spaces.”*

## The elegance of Danish design

The Danish design traditions are seldom more evident than in the Splitback Frej sofa bed and Eik chair. A deliberate and unrelenting focus on simplicity and functionality. A clean, almost puritan approach to the sculptural composition combined with the warm, welcoming sensation of solid natural oak lets the user sit back, relax and indulge in Danish “hygge”.

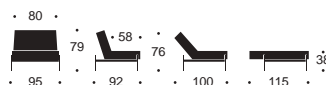

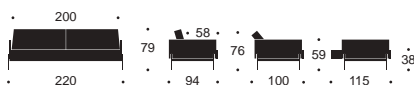

**Bed size:** 115 x 210 cm / **Chair/lounger size:** 115 x 90 cm / **Comfort:** Pocket Spring, see page 123 / **Leg & arm options:** See pages 36-37 / **Frame:** Matt black steel / **Features:** Back with three step elevation / **Shown combinations:** Page 20: Splitback sofa & chair with Frej arms & Splitback chair with Eik legs in black stained oak & fabric 509 Elegance Anthracite / Page 21: Splitback sofa with Frej arms & Splitback chair with Eik legs in lacquered oak & fabric 521 Mixed Dance Grey / For more fabric options, see page 130

## For the style conscious

Flexibility is key. Furniture that transforms and enhances. Home living solutions that embrace the smaller living spaces of our time and accept these as a precursor for design rather than a limitation. Splitback Lauge picks up on characteristic mid-century design elements displaying clean lines and richly toned wooden panels.

The Splitback Chrome sofa bed was intentionally designed for convenience with the changing living trends towards urban compact living in mind. Its purpose is to give space rather than taking it, give function rather than being an inconvenience, to serve a purpose and provide value. In short, make life easier and more comfortable.

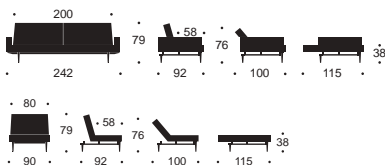

**Bed size:** 115 x 210 cm / **Chair/lounger size:** 115 x 90 cm / **Comfort:** Pocket Spring, see page 123 / **Leg & arm options:** See pages 36-37 / **Frame:** Matt black steel / **Features:** Back with three step elevation / **Shown combinations:** Page 22: Splitback Lauge sofa with arms in walnut veneer, Splitback Lauge chair with matt black steel legs & fabric 541 Velvet Dark Blue / Page 23: Splitback with chrome steel legs & fabric 216 Flashtex Grey / For more fabric options, see page 130

## Socialize, lounge, relax, sleep are synonymous with the Splitback sofa with chair.

The Splitback design became an instant classic when first introduced by Innovation Living 15 years ago. The cherished design has been synonymous with the Innovation Living brand ever since; innovative, space saving, multifunctional, stylish, contemporary, comfortable, Danish Design. The Splitback is a modular sofa with dual split backrests allowing for comfortable lounging and sitting. It easily transforms into a bed while the matching reclinable chair completes the arrangement. The Splitback is what urban compact living is all about.

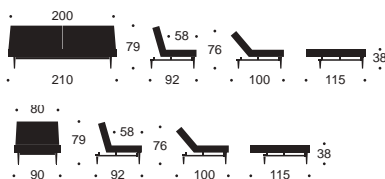

**Bed size:** 115 x 210 cm / **Chair/lounger size:** 115 x 90 cm / **Comfort:** Pocket Spring, see page 123 / **Leg & arm options:** See pages 36-37 / **Frame:** Matt black steel / **Features:** Back with three step elevation / **Shown combination:** Splitback with Styletto legs in dark stained wood, upholstered armrests & fabric 507 Elegance Burned Curry / For more fabric options, see page 130

## Setting the scene for urban living

The Splitback sets the scene for multifunctional design in urban living spaces. The timeless Scandinavian sofa bed design is accentuated by the dual split backrest allowing for individual reclining comfort when sitting or lounging. Great for the living room or home office, the Splitback is a perfect bed for the occasional guest.

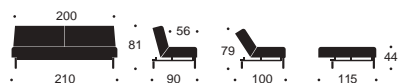

**Bed size:** 115 x 210 cm / **Chair/lounger size:** 115 x 90 cm / **Comfort:** Pocket Spring, see page 123 / **Leg & arm options:** See pages 36-37 / **Frame:** Matt black steel / **Features:** Back with three step elevation / **Shown combinations:** Page 26: Splitback with Styletto legs in light stained wood & fabric 525 Mixed Dance Light Blue / Page 27: Splitback with Styletto legs in black stained wood & fabric 517 Elegance Light Grey / For more fabric options, see page 130

## Relaxation for the design conscious urbanite

The strict yet rounded lines complete the purity of the composition resulting in an original design based on the traditions of Danish Design. The dual purpose of the Ample sofa bed allows for a space optimizing solution that serves daily as a sofa and as bed for the occasional guest.

## Relaxed versatility

The Dublexo is perfect for a quick nap or lounging in social settings. The versatility of the divided back-rest with multi-level adjustable recline provides the most comfortable seating for any time. And if friends decide to stay over, just fully recline the backrests of the sofa and let them enjoy a comfortable rest.

## Iconic Chesterfield for postmodern living

A throwback to the iconic British sofa, the Oldschool is a tribute to the traditional style and taste exemplified by the pièce de résistance that is Chesterfield's tufted, antique, brass decorated ornamentation. Adding a layer of functionality to fit with the needs of modern small space living the Oldschool is a versatile classic.

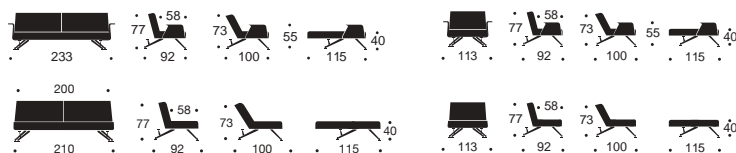

**Bed size:** 115 x 210 cm / **Chair/lounger size:** 115 x 90 cm / **Comfort:** Pocket Spring, see page 123 / **Legs:** Retro legs in dark wood with brass details / **Frame:** Matt black steel / **Features:** Back with three step elevation / **Shown in:** Fabric 461 Leather Look Brown Vintage / For more fabric options, see page 130

# Gaming. Laughing. Chatting. Reading. Lounging. Eating. Sleeping. Sitting...

The Clubber does it all – and looks great doing it too. The Clubber is an iconic Innovation Living design drawing inspiration from the American Mid-Century modern movement. The multipurpose modularity of the design allows for variation by combining the sofa and chairs, effectively providing the home with a one size fits all piece of furniture.

**Bed size:** 115 x 210 cm / **Chair size/lounger:** 115 x 90 cm / **Comfort:** Pocket Spring, see page 123 / **Frame:** Matt black steel / **Legs:** Chrome steel / **Optional:** Walnut veneer armrests / **Features:** Back with three step elevation / **Shown in:** Fabric 563 Twist Charcoal / For more fabric options, see page 130

## 03 Daybeds

A rose by any other name  
would smell as sweet

– William Shakespeare

Divan, recamier, settee, chaise longue, or simply daybed. The versatile daybeds have through centuries proven themselves both decorative and useful. Designed for multipurpose they may be situated against a wall or float freely in the interior space. This flexibility is part of what has made the daybed endure the test of time and continue to be a favorite.

## Taking customized comfort to a new level

The three step elevation in each side in combination with its pocket spring mattress provides the Ghia daybed with great individual comfort as a day lounger. Add to this the option of three different leg designs to choose from leaves no excuse for not loving this innovative daybed design.

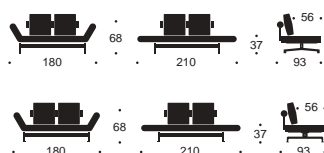

**Bed size:** 80 x 210 cm / **Comfort:** Pocket Spring, see page 123 / **Legs:** Lacquered oak / **Frame:** Matt black steel / **Included:** Two cushions & back support / **Features:** Three step elevation in both sides / **Shown in:** Fabric 525 Mixed Dance Light Blue / For more fabric options, see page 130

## Anything but ordinary

The Ghia Chrome and Ghia Laser provide a contemporary yet industrial styling to the classic daybed that will fit in any home.

**Bed size:** 80 x 210 cm / **Comfort:** Pocket Spring, see page 123 / **Legs:** Page 46: Chrome steel legs / Page 47: Laser legs in matt black steel / **Frame:** Matt black steel / **Included:** Two cushions & back support / **Features:** Three step elevation in both sides / **Shown combinations:** Page 46: Ghia with chrome steel legs & fabric 551 Leather Look Brown Faunal / Page 46: Ghia with Laser legs in matt black steel & fabric 520 Mixed Dance Dark Grey / For more fabric options, see page 130

## Personal elegance. Personal comfort.

The Zeal has an elegance to its design lifting the daybed from the floor to provide a simple, light, and functional piece of décor. Combine the customization options for a personal design ranging from light Nordic style to Mid-Century warm to industrial. Individual adjustment of elevation in each side lets the Zeal take personalized design and comfort in daybeds to new innovative levels.

**Underplayed vitality achieved through a beautiful mix of playful geometric stylings embraced by softened, rounded edges.**

An avant-garde addition to your home, Linna is an exquisite take on the classical daybed combining the subtle lightness of the design with the functionality of a bed for occasional use. A gentle solitary expression accentuated by the overt stitched seam patterns inspired by the Bauhaus penchant for geometry and simplified industrial production.

## Making lazy acceptable

Whether posing for a Goyá painting, decorating a boudoir, or relaxing with a book the divan has stood the test of time. Napper's light wood legs embody the pure, Scandinavian minimalism that influence the composition. Placed against a wall or freely in the room, the daybed is a timeless décor to the interior space.

**Bed size:** 80 x 200 cm / **Comfort:** Pocket Spring, see page 123 / **Legs:** Bow legs in lacquered oak / **Included:** Movable bolster cushion / **Shown in:** Fabric 521 Mixed Dance Grey / For more fabric options, see page 130

## Daybed double up

A traditional, Nordic daybed design updated for modern living. Where space is limited Sigmund's easy transformation from daybed to either two single sleepers or one big 160 x 200 cm double bed makes days relaxing and nights comfortable.

## Playful and modular. Simple and intuitive.

A modern, flexible take on the daybed sees All You Need applying lots of storage space and movable backrests to a playful design. The pocket spring mattress allows for daily use while the movable backrests provide almost infinite possibilities. All You Need is with its soft shaped Scandinavian simplicity part of the New Nordic design movement.

## 04 Unique

### Multifunctional sofas with attitude

The Unique multifunctional sofa range challenges conventions by rethinking how a sofa bed should look. We disregard expectations and push the boundaries to innovate compact living. The result is a line of bold, original designs that encompass what Danish Design is renowned for:

Beauty, functionality, comfort, and quality.

## Unfurl in retrograde

The Unfurl has always been set on a path of its own. This has never been truer than with the Unfurl Dusty Rose fabric. A bold combination of the Unfurl's relentless minimalist design with the retro Dusty Rose cover makes this sofa bed stand out as truly unique.

**Bed size:** 120 x 200 cm / **Comfort:** Pocket Spring, see page 123 / **Legs:** Styletto legs in dark stained wood / **Frame:** Matt black steel frame / **Features:** Back with three step elevation / **Shown in:** Page 60: Fabric 686 Dusty Rose / Page 61: Fabric 217 Flashtex Light Grey / For more fabric options, see page 130

## An envied original

Few sofa bed designs have been envied more than the Unfurl's original design by Innovation Living. The Unfurl Lounger is a natural evolution of the original Unfurl's streamlined, minimalist design. The combination of a deeper seat with two large pillows further enhance the comfort of this design classic.

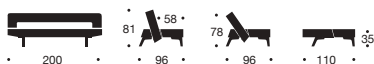

**Bed size:** 140 x 200 cm / **Comfort:** Pocket Spring, see page 123 / **Legs:** Styletto legs in dark stained wood / **Frame:** Matt black steel frame / **Included:** Two back cushions / **Features:** Back with three step elevation / **Shown in:** Page 62: Fabric 613 Linen Ash Grey / Page 63: Fabric 518 Elegance Green / For more fabric options, see page 130

## Nordic living on the edge

An edgy design that reflects contemporary Nordic minimalism at its finest. A combination of light solid wood and the purity of the design's angular shapes reflect Danish Design traditions, making the Puzzle Wood sofa bed a must have for the design conscious wanting to make the most of their condensed living space.

**Bed size:** 110 x 200 cm / **Comfort:** Pocket Spring, see page 123 / **Legs:** Lacquered oak / **Frame:** Matt black steel / **Features:** Back with three step elevation / **Shown in:** Fabric 521 Mixed Dance Grey / For more fabric options, see page 130

## Multifunctional mobility

Comfortable, sculptural, and spacious. Long Horn is an imposing design developed for lounging and sleeping alike. The durable design has wheels integrated into the base frame lending itself to easy mobility, making the sofa bed a perfect accessory for flexible living, effectively transforming your living space.

The relax/sleep backrest settings, Excess Pocket Spring mattress core encased in high resilience foam in combination with extra deep seating surface ensure comfort as grand as the longhorn.

Chief Creative Officer

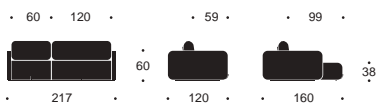

## Creative and playful. Spacious and functional comfort that moves

Vogan's uniqueness lies in its ability to unite the playful and creative with the spacious and functional in a compact interior space. The rounded shapes fused with stepless extractable lounging or sleeping space creates a soft and light yet solid and durable expression that is the mark of a premium piece of furniture.

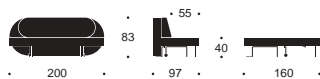

**Bed size:** 120 x 200 / **Comfort:** Excess Pocket Spring, see page 123 / **Legs:** Matt black steel / **Arms:** Upholstered / **Back shelf:** Black lacquered oak structure / **Features:** Adjustable seat depth & shelf for storage / **Shown in:** Page 74: Fabric 577 Kenya Dark Grey / Page 75: Fabric 521 Mixed Dance Grey / For more fabric options, see page 130

## When looks matter. Soft, organic and aesthetic lines as important as the functionality itself

Traditional sofa, sofa and daybed, double bed, two single beds, spacious lounge. The possibilities seem endless with the Filuca multifunctional sofa. The gracious and classical design reminisces of a time long ago and at the same time invites you to see, feel, and experiment. The sofa is as friendly, inviting, and engaging as the company you keep.

## When home is warm and comfortable

The Recast is a design influenced by the American Mid-Century Modern Movement evident through its clean simplicity fused with warm wooden materials exemplified in the Styletto legs and armrests. The American Mid-Century movement's focus on function is amplified by the Recast's adaptation of multifunction to meet demands posed by compact living conditions of modern metropolitans.

**Bed size:** 140 x 200 cm / **Pouf size:** 66 x 66 cm / **Comfort:** Pocket Spring, see page 123 / **Legs:** Styletto legs in dark stained wood / **Frame:** Matt black steel / **Included:** Back cushions & bedding box / **Optional:** Arms in walnut veneer & headrest / **Shown combinations:** Page 84: Recast Plus with walnut arms & pouf in fabric 515 Nist Blue / Page 85: Recast Plus in fabric 540 Velvet Forest Green / For more fabric options, see page 130

## Handcrafted comfort

The Maj sofa bed is the result of meticulously tending to detail by hand. From the stitching of the buttons by hand to the craftsman creating the beautiful hard wood arms and legs the process is deliberately engineered to ensure maximum comfort. A comfortable pocket spring mattress ensure a good night's sleep while providing ample support when used as sofa. The Maj is a comfort focused, modern solution to compact living.

## Tribute to 1960s Bauhaus

A reintroduction of the chrome tubular legs seamlessly integrated into the fully covered armrests has the Upend set on a path of its own. A tribute to the Bauhaus movement's functional use of chrome tubes, this design draws inspiration from the 1960s to create a sofa bed for the modern urban individual. The ease of use of the multifunctional unit reflects the urban lifestyle of modern cities. Simply remove the cushions for a single sleeper. Or, also pull out the seat and flip over the back rest for a comfortable two-person bed.

Optional headrest

**Bed size:** 137 x 190 cm / **Comfort:** Pocket Spring, see page 123 / **Legs:** Chrome steel / **Optional:** Headrest / **Shown in:** Fabric 521 Mixed Dance Grey / For more fabric options, see page 130

## Life less ordinary

The craftsmanship is self-evident. Natural oak wood in combination with functionality is a trait of the Nordic design traditions. Eluma delivers a flexible design that is equally sofa and bed. Remove the cushions for a quick single bed or flip the backrest for a comfortable double. This flexibility is Eluma's true strength, being able to accommodate any use, anywhere, anytime.

## Fashionably fabulous

The stylish contemporary design of the Idun is identified in the broad armrests, big soft down feather cushions, and long, sleek and uninterrupted seating surface. The spaciousness of the Idun makes it a self-indulgent luxury accentuated by the big soft cushioned back. The Idun sofa bed will provide a comfortable daily sleeping surface ranging from single to full size double bed when expanded in a minimal amount of space.

## Gather family and friends in this spacious lounger

The size of the Idun Lounger is directly proportional to the value. The voluminous sofa serves as a giant social hub. A place for gathering and entertaining, a place for relaxing and reenergizing. The pocket spring mattress adds to the value by rivalling traditional mattresses in comfort allowing the Idun Lounger to serve as bed first or sofa first – you decide!

## Youthful modernity

The Trym is a youthful Nordic design. The sleek and minimalist lines of the sofa bed are softened by the natural wood legs providing a flexible solution to living in limited space. The pocket spring mattress provides a sleeping option rivalling most traditional mattresses but with the added benefit of also being a beautiful 3-person sofa.

## An homage to the Masters

The Hermod sees Innovation Living paying homage to the Greats of Danish Design. The masterful architects and designers that revolutionized the world of architecture and design in 1950s and 1960s. A classical mix of fabric and solid wood has been added a contemporary layer of functionality by adding a bed seamlessly into the design without compromising the lines. With its roots in Bauhaus, the revolution began in Denmark nearly a century ago. With a focus on simple functionality the movement was never more relevant than now as compact living trends are growing throughout the world calling for stripping of the excess and focus on the core – form and function.

## 06 Multi-functionals

### Personal comfort by design

The basic conceptual design idea behind the Innovation Living Multifunctionals combine the handmade mattress fixed to a metal a frame with integrated head elevation and wood slats resulting in durable and highly comfortable sofa bed for sitting and resting.

We take great pride in our high quality standards and offer limited warranty on both slats and gears on our Multifunctionals. Should you decide to part from your Multifunctionals sofa bed, disassembly and recycling of all parts is possible. This makes the range not only long lasting but also environmentally responsible.

## Customizable comfort for long lasting use

The solid oak wood legs combined with the seamless seat and back in-one give the sofa bed design a versatile and relaxed Nordic expression – perfect for daily use. All of Aslak's parts are designed for long term use, replaceable and recyclable ensuring an environmentally responsible sofa bed for any interior space.

The Aslak's features include four step head elevation, two reclined back positions, bedding box, detachable frame covers and extended mattress selection based on personal preference.

# Quality, Durability & Environmental Care

## Quality

Quality is at the center of everything we do, which is why we do not compromise on materials nor processes. Our functional parts are based on carefully tested mechanisms and the knowledge we have established since we started designing and producing sofa beds in 1989. As all sofa beds are produced at our own factories we benefit from being able to directly control and assure the high quality standards we set forth. In addition to our high internal standards and to ensure we comply with the highest industry standards, we continuously subject ourselves to external audits of our manufacturing facilities.

## Durability

Our ambition is to make it easy to service and renew your sofa bed from Innovation Living. The knock down approach to design ensures that parts of the sofa bed can be maintained or replaced as years go by. We take great pride in our high quality standards and do, as an example, offer 10 years warranty on slats and gears on all sofa beds in the Multifunctionals category. This makes for longer use and less environmental impact.

## Environmental Care

As an international company, we see it as our duty and privilege to contribute to better working conditions and a cleaner environment for all. This is evident in how we live up to the EUs “REACH” standards adopted to improve the protection of human health and the environment from the risks that can be posed by chemicals, and in how why we work with OEKO-TEX® certified fabrics.

We keep raising the bar for our environmental profile and all recyclable materials are reused in other productions while residual, combustible waste is sorted to reduce the impact on the environment. When distributing to more than 88 countries it is important to reduce the environmental impact of logistics stemming from CO<sub>2</sub> emissions. To minimize pollution, our sofa beds are flat-packed, and we produce at our regional facilities thus reducing the distances of transportation. Finally, packaging is reduced to a minimum needed for safe transportation.

We want to hand over a better environment to the next generations. That is our Planet Promise.

## Choose a top mattress to add extra sleeping comfort and protect your sofa bed

### Available in three sizes

120 / 140 / 160 x 200 cm. A 5 cm durable and reversible top mattress with a core of 25 kg polyether foam that provides an even and supportive sleeping surface on all adjustable sofa beds. Cover is 100% polyester which is breathable, removable and machine-washable at 60 degrees Celsius.

### Storage bag

The top mattress comes with a bag for storage when not in use. The bag helps minimize the volume of the topper for better storage.

## Pocket Spring

The individual pockets in these models ensure that pressure is applied to each individual spring for better support – in seating as well as sleeping position. The high resilient foam casing contributes to a breathable mattress while providing a soft top support.

## Pocket Spring Dual

The Pocket Spring Dual comfort share the general composition of the Pocket Spring models apart from the extra layer of hyper soft foam that gives these sofa beds an extra soft feel. This extra layer of luxury provides a soft seating comfort as well as a mattress recommended for everyday sleeping.

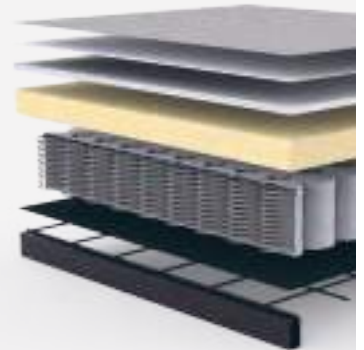

## Excess Pocket Spring

The higher coils in the Excess Pocket Spring models provide a softer sofa comfort. In combination with the core foam casing, the Excess mattress has higher absorption of pressure on each spring for a more comfortable sleep.

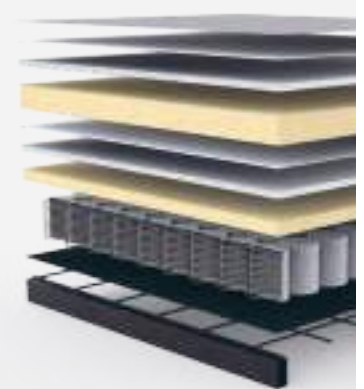

## No-zag Spring

The No-zag Spring provides an even and soft comfort ideal for sofa seats and backrests. The thick layer of high resilient foam enhances the comfort of the spring to ensure a great sleeping experience as well.

## Design for compact living

**We Expand Your Living Space**

We want to offer furniture that makes a difference in everyday life. Good design that combines style, comfort and functionality. Innovation Living is not just a name, it's what we do! Good aesthetic design must go hand in hand with great functionality and good comfort. That is why our focus has always been on creating long-lasting design with a contemporary appeal.

## Global presence

**We are a local, community business**

Personal comfort by design is an underlying principle behind Innovation Living. Being present in more than 88 countries, we know that people enjoy different tastes and preferences. For this reason we offer a wide range of space optimizing sofa bed designs and accessories. But also the reason why we offer a deep selection of customizable options such as different upholstery styles, legs, arm and head rests and not least different comforts.

## People

**We believe in living up to our promises**

The founding value of the company is respect. Respect towards colleagues, customers, and the environment. We believe that happy employees in combination with a professional working environment is the key to success. This is why we aim to give our employees the best possible working conditions. We engage in developing local communities by actively hiring minorities and support the training of refugees and students.

## Family owned

**We are a story about family**

Since our founding in 1971 we have been an independent, family owned company. This independence has sustained our ability to live out our founding philosophy that still saturates the company culture around the world. Our company creed is anchored in the Danish culture where everyone is valued and equal regardless of background or position.

## Quality & service

**We believe in a quality – that lasts**

We set high quality standards. That is why we have made it easy to service and update our sofa beds. If you need a new mattress or cover for your Multifunctionals just visit a local dealer. If something is not as expected visit [www.innovationliving.help](http://www.innovationliving.help) or call our local Customer Service - and we will do our utmost to assist you.

## Environment

**We always try to produce at a better price, but not at any price!**

We value a good and lasting environment - in its broadest definition. Hence, all recyclable waste, like cardboard, plastic, iron, and metal, is separated and used in other productions. Residual, combustible waste is incinerated in low pollution plants. Packaging is reduced to the minimum needed for safe transportation. As an international company, we see it as our duty to contribute to better working conditions and a cleaner environment for all.
